

BRIEFING CONTRACTORS

ON COVID-19

1. The staff working on the Kozloduy NPP site shall go to work only if in good health.
2. Social distancing shall be practised (at least 2 meters from person to person) during work, shift turnover, smoking, and eating at the plant canteen.
3. When ridesharing, personal protective equipment (masks and gloves) shall be worn and distance shall be kept (use every second seat).
4. You may only leave the hotel/accommodation if pressing needs arise and wearing personal protective equipment (masks and gloves).
5. As part of the plant access control, body temperature is being measured when entering the site and the personal protective equipment (masks and gloves) is being checked.
6. When passing the metal detectors at the main gates, instead of using the boxes for the metal objects you carry with you, hold them above your shoulders in order to be clearly visible to the police officers.
7. Passing the main gates at Kozloduy NPP without wearing personal protective equipment is not allowed.
8. The requirement for use of personal protective equipment (masks and gloves) when working also applies to the controlled area in addition to the standard protective equipment for use in radioactive environments as well as outdoors when distance between workers is less than 2 meters.
9. Gloves may only be removed for hygiene reasons and during meals.
10. Face masks are mandatory when there is more than one person in a single room.
11. The use of lifts and communication while using them shall be limited.
12. The workplaces shall be sanitised at least twice a shift as well as upon arriving and leaving.
13. Regularly ventilate the room you work in – at least 5 times a shift for 10 minutes each time.
14. Wash and disinfect your hands after each entry into offices/premises/communal facilities (lavatories, canteen, smoking areas, lifts).
15. Eat and drink only at the designated places.

16. Sit alone at a table when dining at the plant canteen.
17. You are not allowed to bring in and use your mobile phone while eating at the canteen.
18. You are not allowed to bring in food and/or objects through the main gates (only after a thorough disinfection when unavoidable and the work necessitates it).
19. Should any symptoms arise, signifying even a slight change in your health status, call the Occupational Medical Service at ☎ **21 21** in a timely manner.
20. In case of non-compliance and/or violation of the established rules, the access of contractor's staff to the plant site shall be suspended.
